1. Let us draw near, Let's seek His face
He hears our hearts, He wants our embrace
Let us go in, To His secret place
We'll lay down our lives , And surrender to peace.

2. O Lord, I come, to Your Secret Place
I surrender my will to Your perfect plan
O Lord I come, I come boldly to YOU
I surrender my will, And all that I do.

3. Lord I draw near, You're my Hiding Place
I'm amazed by Your grace as I stand in Your grace
O Lord I come close, As You draw me near
Erasing my worries, my doubts and my fears

4. O Lord I love , To draw near to You
O God of deep mercy, I bow before You
I'm touched by Your presence, I'm healed and restored
You renew me completely, My Savior and Lord
